Meet Your Summit Host Alicia Lyttle

Alicia Lyttle, renowned as 'The Queen of AI,' is a distinguished entrepreneur, TEDx Speaker, and digital marketing guru with over two decades of industry experience. Her illustrious career spans roles at prestigious organizations such as The White House, USEPA, and The City of New Orleans Mayor's Office, before venturing into the digital realm as an entrepreneur, AI consultant, and marketing specialist. An acclaimed international speaker and trainer, Alicia has imparted her vast knowledge across the globe, from Singapore to South Africa. Alicia's remarkable achievements include multiple awards like the MarCom Awards, Ava Digital Awards, and the Clickfunnels Two Comma Club Awards, among others. As a seasoned business leader and AI corporate coach, she is dedicated to empowering businesses by teaching them to leverage AI for efficiency and success. Alicia is also the founder of the International Association of Artificial Intelligence Consultants.

Highly Anticipated Speakers

**EBONY GREY**

Complexity to Clarity: How AI is Redefining Government Contracting and Business Growth

Technology, Small Business

*Dr. Ebony Grey is an **award-winning AI strategist, government contracting expert, and international speaker with over 25 years of federal leadership experience.** As CEO of Greys Consulting Group and Co-Owner of Greys Construction Group, she helps businesses and government agencies harness AI and public procurement for growth. A U.S. Air Force veteran and bestselling author of *A Guide to Unlocking Federal Employment*, Dr. Grey has trained over 10,000 professionals worldwide. Her mission is to make artificial intelligence practical, accessible, and transformative for entrepreneurs, organizations, and underserved communities.*

**SHAWN EVERY**

The 3 P's of Sustainable AI: Pause, Process, Prioritize Why Doing Less with AI Makes You More Powerful

Small Business

*Shawn Every is an AI consultant, speaker, and founder of **Ask AI with Shawn**, where she helps service providers and creative entrepreneurs use human-first AI to work smarter, save time, and protect their energy. With over two decades of experience across Fortune 500 companies, entrepreneurship, and chronic-illness advocacy, she brings a rare blend of technical insight and empathy to every stage she steps on. Featured in national podcasts, summits, and magazines, **Shawn is known for translating complex AI ideas into clear, empowering strategies that help overlooked women lead confidently in the age of automation.***

**KELLIANN RAMIREZ**

Faith Over Fear: Winning with AI in Everyday Life and Business

Technology, Small Business, AI With Faith

*Kelliann Ramirez is a retired military professional, stay-at-home mom, and author of *Your Everyday AI Assistant: A Practical Guide to ChatGPT for Women 35+* and *AI with Faith: A Christian Woman's Guide to Thriving (Not Just Surviving) in the Digital Age*. She empowers audiences through her blend of resilience, entrepreneurship, and faith, demonstrating how artificial intelligence can level the playing field for women, families, and communities. With her message of "faith over fear," **Kelli inspires people to embrace AI with confidence and clarity in the digital age.***

**DR. RENÉE BAKER**

AI Unleashed: Transforming How We Think, Work, and Prosper.

Finance, Business Coaching

*Dr. Renée Baker is a **former Wall Street and global financial services executive turned entrepreneur, author, and speaker.** She brings a rare blend of boardroom experience and real-world insight to her mission of helping people align mindset, money, and mastery for lasting success. As CEO of The RBI Group and founder of *The Unleashed Life*, she translates complex financial concepts into clear strategies that inspire confidence and action. Her forthcoming book, *Abundance Unleashed* (Fall 2025), offers a blueprint for redefining wealth, unlocking potential, and thriving with purpose.*

**KAREN JACKSON**

From Posts to Profits: Using AI to Create Social Media Content That Converts

Small Business

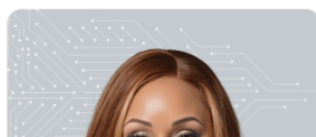

*Karen "Coach Mama" Jackson is a Certified AI Consultant trained by Alicia Lyttle, the Queen of AI. After **40+ years in federal Human Resources with the VA and NIH**, she transitioned into digital marketing and artificial intelligence to help others prosper with purpose. Karen leads daily AI classes and mentorship sessions, teaching entrepreneurs, women, and retirees to turn digital tools into income and legacy. **Her blend of lived experience, corporate expertise, and authentic storytelling inspires audiences to embrace AI as a pathway to freedom, confidence, and generational impact.***

**ROSIE HAMPTON-QUILLER**

The AI Launch Roadmap: 7 Tools to Market Any Business in 2025

Small Business

*Rosie Hampton-Quiller is the **founder of ElevAlte with AI Consulting, LLC**, where she helps entrepreneurs and small businesses harness artificial intelligence to work smarter, faster, and stronger. **Known for simplifying complex tools and strategies, she bridges the gap between innovation and everyday business needs.** Through engaging keynotes, workshops, and consulting, **Rosie empowers business owners to streamline operations, elevate marketing, and uncover new revenue opportunities—transforming AI from a buzzword into a practical engine for growth.***

**PHARAH JEAN-PHILIPPE**

The 10-Minute AI Business Makeover: Transform Your Small Business with Artificial Intelligence

Technology, Small Business, Creatives

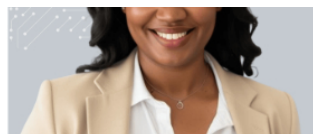

Known as The AI Maven™, **Pharah Jean-Philippe** is a **certified AI Consultant, Work Futurist, and cultural visionary**. A former Senior Learning Executive in Corporate America, she witnessed how technology can both empower and overwhelm. Passionate about helping leaders thrive, Pharah saw a gap as AI went mainstream—people were eager to explore it but faced fear, jargon, and generic solutions. Drawing on her expertise in entrepreneurship, design, and strategy, she founded NarratAI™ and created the MAVEN™ Framework for AI, bringing clarity, creativity, and human-centered strategy to the evolving world of artificial intelligence.

**DR. LENDRA JAMES, DNP, RN**

Burnout to Breakthrough: How AI-Powered Systems Can Transform Leadership and Wellness

Small Business, Health Care

Dr. Lendra James, DNP, MS, RN, NE-BC, is a **nurse executive, wellness entrepreneur, and founder of DLJames Consulting and Premier Infusions & Wellness**. With over 20 years in **healthcare leadership**, she helps nurses and professionals move from burnout to breakthrough through entrepreneurship and wellness-driven solutions. **Dr. Lendra integrates tech-forward tools, including her wellness and leadership app, to promote self-care, wealth, and impact**. Through her Burnout to Breakthrough™ framework, she blends innovation with compassion, creating pathways for AI integration that empower leaders to rise, thrive, and expand their influence across industries.

**YANA REYNOLDS**

Cracking the AI Code: 5 Steps to Unlock the Outcomes You Want

Small Business

Yana Reynolds is a **Certified AI Consultant, SaaS/CRM Strategist, and Founder of Exit to Next It Enterprises**, a consulting and innovation platform helping entrepreneurs and organizations exit burnout and scale into their next chapter through **AI-powered operations, tech enablement, and automation**. She specializes in aligning people, processes, and technology to build sustainable growth systems. Recognized as a Nasdaq Mentor and Harvard Business Review Advisor, Yana also serves as Managing Partner and COO of Grace Unlimited Group, a financial wellness and insurance brokerage supporting hundreds of entrepreneurs and families with smart, scalable business and financial solutions.

**TIFFANI WILLIAMS**

From Selfie to Star: Create Your AI Cartoon Brand Avatar

Small Business

Tiffani Williams is a **certified AI consultant and visionary creative who merges branding, technology, and strategy** to help entrepreneurs build bold, unforgettable brands. A U.S. Army Veteran and Chair of the Atlanta Black Chambers' Veteran Entrepreneurs Group, she brings clarity, structure, and leadership to every endeavor. Through her company, Hive Promo, Tiffani empowers small businesses to elevate their brands and integrate AI with confidence. She has trained thousands through workshops, VIP days, and sessions for organizations including **Georgia Military Women and the Atlanta Black Chambers**. Her motto: "Clarity is power. Strategy is peace. Confidence is everything."

**ELIZABETH FORTUNATO**

Transforming AI with GPTs: Creating Tailored, High-Impact Solutions for Clients

Technology

Elizabeth Fortunato is a **multidisciplinary professional who bridges STEM, business, technology, and wellness**. Holding degrees in **Mathematics and Civil Engineering, an MBA in IT, and a Master's in Project Management**, she leads large-scale technology and strategy initiatives with precision and vision. Certified as a PMP, ITILv4 MP, Six Sigma Yellow Belt, and AI Consultant, Elizabeth combines structure with innovation. A **Registered Aromatherapist and U.S. Coast Guard Merchant Mariner**, she integrates **wellness and leadership to guide organizations through digital transformation, governance, process optimization, and service innovation**—all rooted in a people-first philosophy that drives sustainable success.

**DR. SANCIAN CRAWFORD**

AI SoftLife: Reclaim Your Time. Redefine the Rules of Convenience

Public Health

Dr. Sancian Crawford is a **multidisciplinary public health strategist, published author, and founder of Sancian LLC**. With over 15 years of experience in **clinical epidemiology, regulatory science, and population health**, she helps public health leaders harness emerging technologies—especially AI—to **design equitable, evidence-based systems**. Through her books, **executive consulting**, and global outreach, Dr. San empowers organizations to align data, health equity, and innovation for measurable impact. Her work bridges science, technology, and compassionate leadership to create resilient, AI-powered public health solutions and build healthier, smarter communities worldwide.

**CRYSTAL SHAE LOVE**

The Soul of AI: How Spiritual Literacy is the New Currency

Health and Wellness

Crystal Shae is a **Spiritual Literacy Coach, Metaphysical Minister, and Certified AI Consultant** devoted to helping people align their spirit, purpose, and power. She's the founder of The Atlanta School of LOVE—Light, Oneness, Vision, and Expansion—and co-founder of The Digital Meal Agency, where she and her daughter teach entrepreneurs how to make AI make cents. Through her **"Get to the B.A.G."** framework, **Breathwork, Affirmations, and Gratitude**, Crystal Shae guides others to heal, rise, and lead with divine intelligence. Her message is simple: faith and technology can coexist to produce Financial abundance.

**JAMES WILLIAMS**

Content Creation With AI using funny ads to grow your business

Small Business

James Williams is a certified AI consultant, **speaker, and entrepreneur who helps business owners turn dull ads into scroll-stopping comedy that converts**. From overcoming homelessness to mastering content creation, **he teaches entrepreneurs to use AI to craft funny, relatable videos—no cameras, scripts, or stress required**. Known for his bold energy and real talk, James empowers creators to stand out online, save thousands on production, and make audiences laugh while they buy.

**KIMBERLY JAMES**

My Fab 5 AI Workflow: From One Idea to a Digital Collection

Technology

Kimberly James is the **CEO of Josie Mae, a multifaceted brand where creativity meets transformation**. A Certified AI Consultant and Certified Goal Setting & Mindset Coach, she equips entrepreneurs with the tools to merge creativity, strategy, and technology for lasting growth. Recently retired **after 30+ years in finance and accounting**, Kimberly draws on deep business expertise to guide others with clarity and confidence. She is the co-host of Midweek Mindset, author of eight self-published journals, and creator of custom GPTs, digital products, and coaching experiences. Her mission is to **help clients conquer limitations, embrace AI, and build legacies that endure**.

**ANDREA FINLAY**

The Power of LinkedIn Visibility and AI Integration for Certified AI Consultants and Those Interested in Becoming Consultants

Technology, Health Care, Education

Andrea Finlay is a healthcare and business professional, certified AI consultant, and **founder of ExcelHeron Consulting, where she helps businesses, startups, and professionals integrate AI tools and LinkedIn visibility strategies to expand reach, attract opportunities, and scale with confidence**. Recognized as a Favikon LinkedIn Top 200 Female Content Creator in the U.S. Health & Medical category, Andrea specializes in making AI simple and actionable for professionals, entrepreneurs, and consultants ready to leverage technology to grow their influence, income, and impact.

**SHAUNESE HENRY**

Smarter Nursing Education with AI: How Perplexity Transforms Teaching and Learning

Health Care, Education

Shaunese Henry is a nurse and AI Literacy Educator with more than **18 years of healthcare experience**. She is the visionary behind **AI Literacy with Insight**, a movement focused on empowering communities, educators, and organizations to adopt AI responsibly. Shaunese bridges her clinical background with her passion for innovation, teaching practical ways to integrate AI into education and healthcare. Her mission is to make AI accessible, ethical, and impactful for all learners.

**BEVERLY SCHEIDER**

From Click to Conversion: How Interactive Websites Win Customers and Rank Higher on Google

Technology

Beverly Scheider—a seasoned AI Consultant, certified drone operator instructor, and **founder of four companies, including The Palmer Financial Group Inc., AI'mIn, and Aerial Domination**. With over 35 years of experience in business transformation, Beverly helps organizations harness the power of AI, automation, and drone technology to optimize operations and grow revenue. As a passionate speaker and trainer, she's on a mission to show leaders how to adopt AI in ways that elevate human impact—not replace it.

**STACY MCDANIELS**

Turn Your Product Mockups into Promo Videos — Fast with AI

Technology, Small Business

Stacy McDaniels is living proof that *Flair Don't Fade*. **After 30 years in corporate sales enablement, ops, and tech—and more layoffs than she cares to count, she turned reinvention into her superpower.** She built Creative Flair LLC, a licensed Sigma Gamma Rho vendor delivering bold sorority and business merch, and *Flair Dynamiq™*, an AI consulting brand creating custom GPTs, branded automations, and confidence-boosting strategies for women 50+ reinventing their careers. A certified AI Consultant, Stacy blends grit, creativity, and tech to show that midlife reinvention isn't a setback. It's a glow-up!

**DAVID DE SOUZA**

Cashflow AI: Forecast, Plan, File

Technology, Education

David de Souza is a certified AI Consultant, project manager, accountant, and **agile coach with over twenty years of global experience in systems design, project delivery, and business transformation.** He has served as CIO of a leading university, taught at a UK graduate program, and launched successful ventures in tech, retail, construction, taxation, and finance. Today, Dave focuses on AI-driven process improvement and has designed an AI accelerator now under patent review. He sees AI as a tool to solve real problems, level the playing field, and create opportunity across society — and his promise to every audience is simple: LET ME TAKE YOU THERE.

**ROCHELLE BYRD**

Commanding Your Future: How Women Can Lead, Automate, and Scale with AI + Alignment

Small Business, Human Resources

Rochelle L. Byrd is a U.S. Army veteran, digital brand strategist, and the visionary founder behind *AspiraHer Inc.* **With over two decades of experience in military leadership, she now empowers women veterans and entrepreneurs to use AI and automation to reclaim their time, voice, and legacy.** Rochelle is also a nonprofit CEO, speaker, and doctoral student who teaches how to lead with strategy, rest, and authenticity. Her debut book, *Commanding Her Future*, blends leadership and tech into a bold new blueprint for women building purpose driven digital empires.

**TONI BANKS**

Clone Yourself! The Power of AI Twins for Cost Effective Content Creation without the Crew

Technology

Toni Banks, a **former Government Contractor**, has built a successful career as a **BMC Application Developer and Consultant**, supporting Fortune 100/500 firms and federal projects. She excels in designing and optimizing backend systems through graphical interfaces, merging technical skill with practical problem-solving. **Currently pursuing AI Consultant certification, Toni aims to leverage her consulting background to develop, implement, and train on AI-driven platforms like n8n. Beyond tech, she is an entrepreneur with experience in Real Estate Investing, Airbnb Management, and Property Wholesaling.**

**DEANNA GERALD**

Design Smarter, Not Harder With AI: Using Time-Saving Strategies for Interior Designers

Education, Human Resources, Interior Design

Deanna B. Gerald is a Certified AI Consultant, speaker, and entrepreneur known as **"The AI Professor."** **As the CEO and Founder of Luxe Interior Consulting, she leads a new era where design meets artificial intelligence—helping creative professionals and businesses harness AI to scale smarter, innovate faster, and lead with confidence.** She combines expertise in luxury interior design, real estate, and business strategy to make AI accessible, profitable, and empowering. Her mission is to equip women—especially designers of color—to design the future with intelligence, creativity, and purpose.

**SHYNNELLE COLLIER**

Be the B.O.S.S.: Build Once. Scale Smart. How to Turn One Idea into a Week of Platform-Ready Content Using AI

Technology, Small Business

Professionally, I'm a **consultant and transformation strategist with impact across IT, finance, healthcare, aviation, and telecom.** As a certified Scrum Master, Product Owner, and ServiceNow Instructor, I've led agile transformations, scaled digital training programs, and guided blue chip organizations through complex change. I've reduced SLA breaches by 39%, cut resolution times by seven days, and helped launch new revenue streams at Accenture. **A two-time published author and creator of the AI-Enhanced PM Quick Start Guide, I founded Elevatego to help women leverage AI to pivot into tech, grow businesses, and lead in the digital age.**

**HILARY CAINE**

Beauty Meets AI: Registered Guests to Growth with Social Rewards and Automation

Technology, Small Business, Education, Travel

Hilary Caine is a Social Rewards System Integrator and AI Consultant with over **35 years of technical experience.** She helps small businesses, non-profits, and entrepreneurs harness AI to work smarter, create standout content, and increase profitability. Passionate about education and ethical AI adoption, Hilary promotes practical, real-world strategies that empower individuals and organizations to thrive. **Unbound by traditional offices, she collaborates globally while equipping the next generation with future-ready skills.** Her mission: to help others live freely, earn abundantly, and grow sustainably through the power of AI and social reward innovation.

**CASSANDRA WATSON**

From Draft to Done in Minutes:
How AI is Reinventing
Executive Messaging

AI & Communications Consulting

Cassandra is a senior communications professional with **15+ years of experience in technology and leading aerospace and defense companies.** She specializes in building and executing high-impact strategies that drive measurable results. She directed a global campaign driving 88% awareness growth and oversaw **\$1M+ budgets with teams of 30+.** As a trusted partner to C-suite executives and senior leaders, she brings expertise across trade shows, digital strategy, corporate social responsibility, and executive visibility to advance organizational goals and strengthen market presence. She is completing an AI certification, expected by year-end, to integrate emerging technologies into communications strategies.

**DR. CHARLES JOHNSON-BEY**

Find the Money - How to Build
Your AI Funding Intelligence
Stack

Technology

Dr. Charles Johnson-Bey is a **nationally recognized engineering executive and member of the National Academy of Engineering, known for translating emerging technologies into real-world impact across defense, academia, and industry.** With expertise spanning AI, cyber, quantum, and advanced manufacturing, he brings a unique ability to distill complex innovations into clear, accessible insights for both technical and public audiences. He is frequently sought after as a speaker and media contributor on the future of technology and innovation. **He received a BS in Electrical & Computer Engineering from Johns Hopkins University and a Ph.D. in Electrical Engineering from the University of Delaware.** He recently received a Chief Technology Officer Professional Certificate from MIT.

**LAURA CONNOR**

The Smart Website Revolution:
Stop Babysitting Your Business
and Let Your Site Do the Work in an
AI-Driven World

Small Business

Laura Connor is the **Founder of The Media Seen Corporation and a leading AI Growth Consultant who helps small businesses implement artificial intelligence with clarity and confidence.** Known for her warm humor and down-to-earth teaching style, she simplifies complex technology into practical, profitable strategies anyone can use. A dynamic speaker and community builder, Laura hosts Connor Speaks & Mingles Karaoke Networking Events and the Gig to Grow Entrepreneurial Development Summit. Passionate about empowering entrepreneurs, she shows that learning AI can be fun and approachable—proving that innovation, growth, and success can sound a lot like karaoke night.

**TYWANNA TURNAGE**

Rebel Up To A New You

Small Business, Fitness, Health Wellness

Phoenixx Love (Tywana Turnage) is the founder of REBELUPNY, a transformative platform redefining wellness through science, psychology, and storytelling. **A former law enforcement professional and PhD candidate in Industrial-Organizational Psychology, she empowers individuals and organizations to conquer burnout, reset energy, and elevate performance.** Combining behavioral science and AI-powered wellness strategies, Phoenixx helps leaders transform chronic stress into sustainable success. **With years of experience coaching high performers, she champions the recalibration of mind, body, and soul for modern resilience.** Her mission: to equip leaders with practical tools to thrive, lead authentically, and create lasting impact.

**NATALIE MORGAN**

I Fired QuickBooks, My VA, and
6 Other Tools. Here's What
Replaced Them All.

Small Business

Natalie is a certified AI consultant, speaker, and entrepreneur passionate about helping people save time, increase income, and simplify their lives with AI. With a background in payroll, bookkeeping, and tax strategy for small businesses, she combines real-world business expertise with innovative AI applications. **She has built a custom bookkeeping bot to streamline messy records, creates digital products in record time, and is developing an AI-powered tax app to help small business owners save thousands annually.** From parenting hacks to business growth strategies, Natalie proves AI is practical, powerful, and accessible to everyone.

**QUISHA UMEMBA**

AI-Powered Curriculum: How to
Monetize Your Knowledge with
Scalable Learning Assets

Workforce Training and Development

Quisha Umemba is the **CEO of Umemba Health, a consulting firm that helps mission-driven organizations and entrepreneurs transform knowledge into scalable learning assets through the power of artificial intelligence.** A Registered Nurse, Public Health Practitioner, Amazon Best-Selling Author, and recognized AI Literacy & Workforce Development Expert, Quisha brings a rare blend of healthcare expertise, instructional innovation, and AI fluency to every stage and classroom she steps into. Widely known as the **"AI Translator,"** she helps leaders and learners cut through complexity to find clarity—and positions herself as the missing piece of the AI puzzle.

through balanced, purpose-driven living.

BOBBI BRIDGEWATERS

From Idea to Impact: How Women of Faith Are Using AI to Build Without Burnout

Coaching

*Bobbi Bridgewaters is the **Founder and CEO of AI Confidence Labs** and a **Faith-Based Transformational Confidence Coach** helping mature women build confidence and clarity through faith and technology. Certified in Christian, Mindset, and Resilience Coaching, and currently completing her AI Consultant Certification, she empowers women to use AI tools like ChatGPT and Canva to bring their "someday" dreams to life—without tech overwhelm. Known for her calm, faith-rooted teaching style, Bobbi bridges spiritual wisdom with digital innovation to help women grow in purpose, confidence, and legacy.*

LESLIE BARRETO TATE

You're Using AI Wrong: Here's What 2,000+ Entrepreneurs Got Right Instead

Small Business, Marketing

*Leslie Barreto Tate is a Certified AI Consultant and Program Management Analyst with **15+ years of experience** driving transformation across corporate, startup, and innovation-driven organizations. She has trained **2,000+ professionals** on AI tools like ChatGPT, Copilot, and Gemini, achieving **96% adoption** and **98% satisfaction**. Recognized as Coach of the Year and Rookie of the Year at a Top 10 Best Place to Work, she is known for leadership and mentorship that brings out the best in others. Fluent in English and Spanish, Leslie makes technology practical and human-centered, helping entrepreneurs amplify their voice, brand, and business growth.*

TIFFANI TEACHEY

The Hidden Goldmine: Unlocking the Future of STEM with AI — and Who's Leading the Way

Technology, Education
